

Morgan Stanley

# What Will You Create?

Morgan Stanley is a global financial services firm and a market leader in investment banking, securities, investment management and wealth management services. With more than 1,200 offices in 36 countries, the people of Morgan Stanley are dedicated to providing our clients the finest thinking, products and services to help them achieve even the most challenging goals.

We are currently looking for  
**Intern in Liquidity Risk Middle Office function**

**Location:** Budapest office

**Start date:** April/May

**Contract:** 20/30/40 hours (flexible)

Morgan Stanley's Liquidity Risk Department provides independent oversight of the Firm's business and activities, serving as a second line of defense to ensure the Firm retains the appropriate level of liquidity to weather material stresses.

Liquidity Risk reports to the Chief Risk Officer and is responsible for independent oversight and monitoring of the Firm's overall trading, funding, financing and banking businesses, liquidity risk limit setting, risk assessment and analysis, and management and regulatory reporting.

The Liquidity Infrastructure team is based in Budapest and supports all data requirements for the global Liquidity Risk Department ("LRD"), including New York, London and Asia. The role considers the best ways to create innovative solutions to the infrastructure and data needs of the department.

**Job Responsibilities:**

- Develop and maintain regular and ad hoc liquidity risk reports
- Coordinate work with business and technology partners to improve systems and data standards
- Improving data visualization using internal and external technologies
- Enhance and implement data quality control processes and reports

**Skills Required:**

- Ongoing studies in related discipline e.g. Computer Science, Business Informatics, Computer Engineering, Mathematics, Physics, Business, or Finance etc.
- Basic knowledge of Financial markets and products
- Good problem-solving, communication, teamwork and analytical skills, as well as a good command of the English language

**Application**

If you are interested in the above opportunity, please apply [here](#) by submitting your English CV.
